

Report

BOTF

Ethnographic

Field

Study

Initial focus of Field study

1. To understand the **personas of branch staff**
2. To understand **the current process and the system**
3. To understand **current challenges** faced by branch staff in **managing their daily tasks**
4. To analyze the **pain points of switching between multiple products/tabs to complete tasks**
5. To analyze **ways to encourage branch staff to pitch sales** to customers effectively

User Profile and methodology

How did we conduct the usability test?

1. User Profile and Demographics

- User cohorts- Branch Staff
 - Cities covered- Mumbai, Bangalore, Delhi
-

1. Test method

Ethnography study- Observing users from a distance to understand their behavior

User Interviews- Focused 25-30 minute interview with users to understand user behavior

Research Journey

Field study covered so far

2 Bangalore branches, 2 Mumbai branches, and 3 Delhi branches

Interviews/Interactions so far

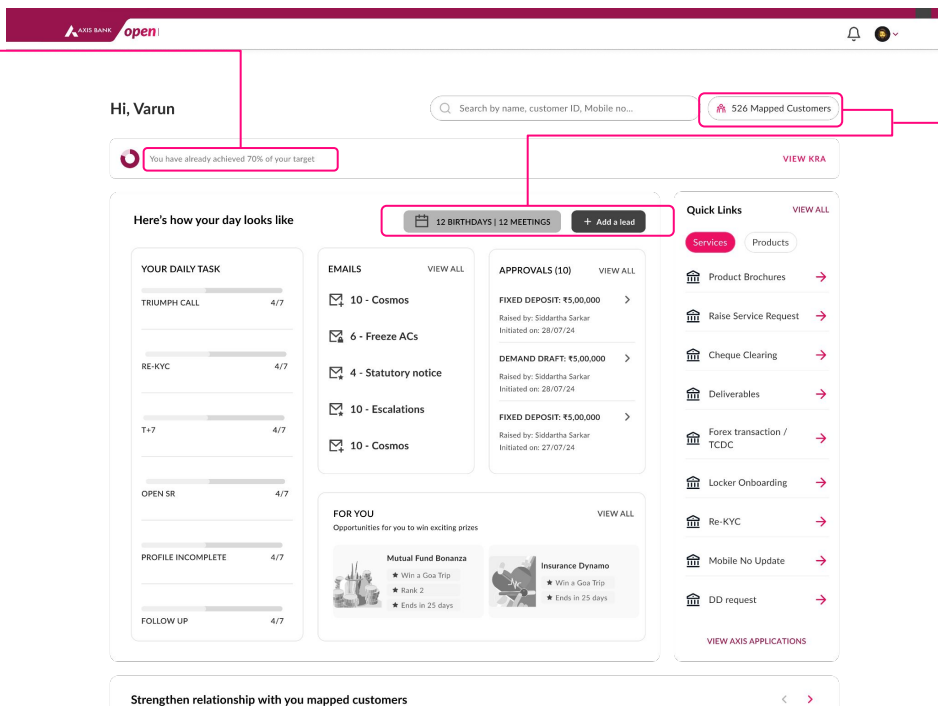

- 5 BROs, 5RMs, 5OH, 5BH

Key Insights

1. **Daily task section** was appreciated by most of the branch staffs as **they were able to find most of their daily task** like Triumph calls, Open Sr, Re-KYC, etc upfront.
2. **KRA** received **less attention organically** due its **elements size and placement**.
3. **The KRA framework** was highly praised because the existing system in Branch Analytics is not functioning properly.
4. Branch staff gave a **positive response** to the **easy access of product info from quick links**.
5. **Customer 360° dashboard** was **highly relatable** for the Branch staff with **Saksham and Branch analytics**.
6. **Attendance capturing section** was suggested by few branch staffs to add in the **Daily task list**
7. **Branch staffs** were able to relate to most of the screen and categories we designed with the current application **Siddhi, Saksham and Branch analytics**

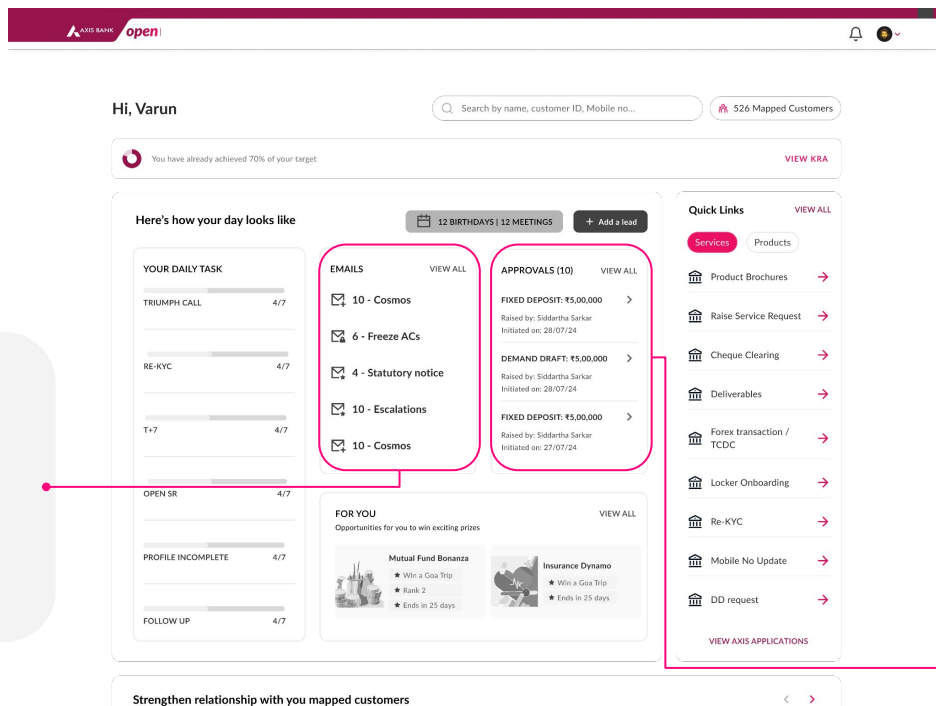

Dashboard

Most users were **not able to comprehend 70% target clearly**

Branch Staff were able to relate to the Mapped Cust and the B'day calendar to the Siddhi App.

Dashboard

Branch staffs appreciated the email section and inquired whether clicking on each email category would open the specific email.

Cosmos and Freezing AC is the same mail category

Few activities that the Cashiers do on Eazypay were suggested to show in the list

Approvals session will add value to only DM

Branch staff were able to **comprehend Banking Relation and Quick link** very well as the options were **relatable to Saksham**

BROs **appreciated the Opportunities nudges**. They said it would reduce their few steps of checking details of specific products

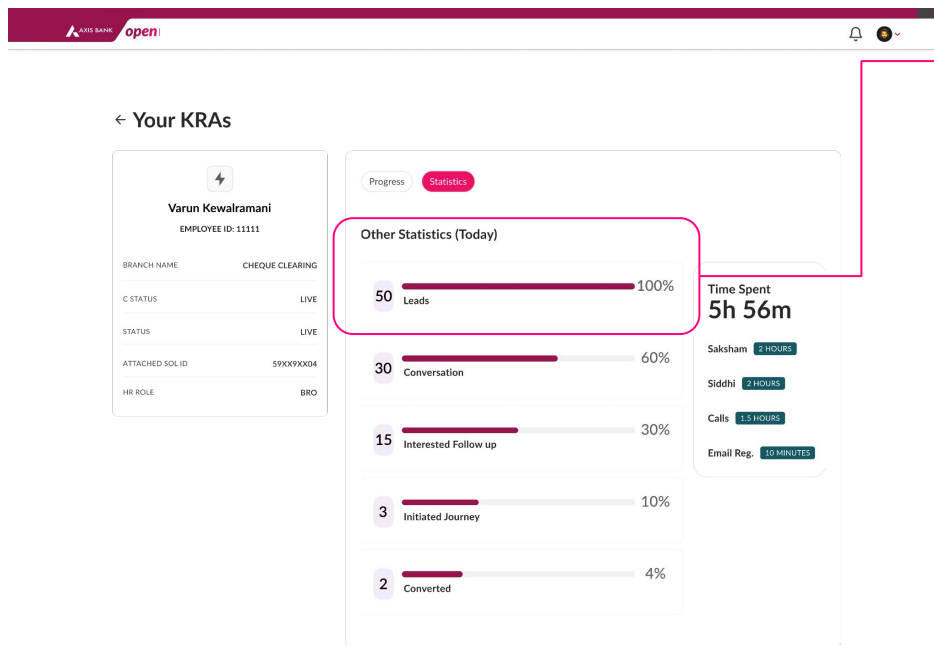

KRA

This section received **significant praise**, especially when compared to the existing Branch Analytics software, which was unanimously **criticized for being too slow**.

Branch head and Operations suggested team view section to superwise the progress of each BROs

KRA

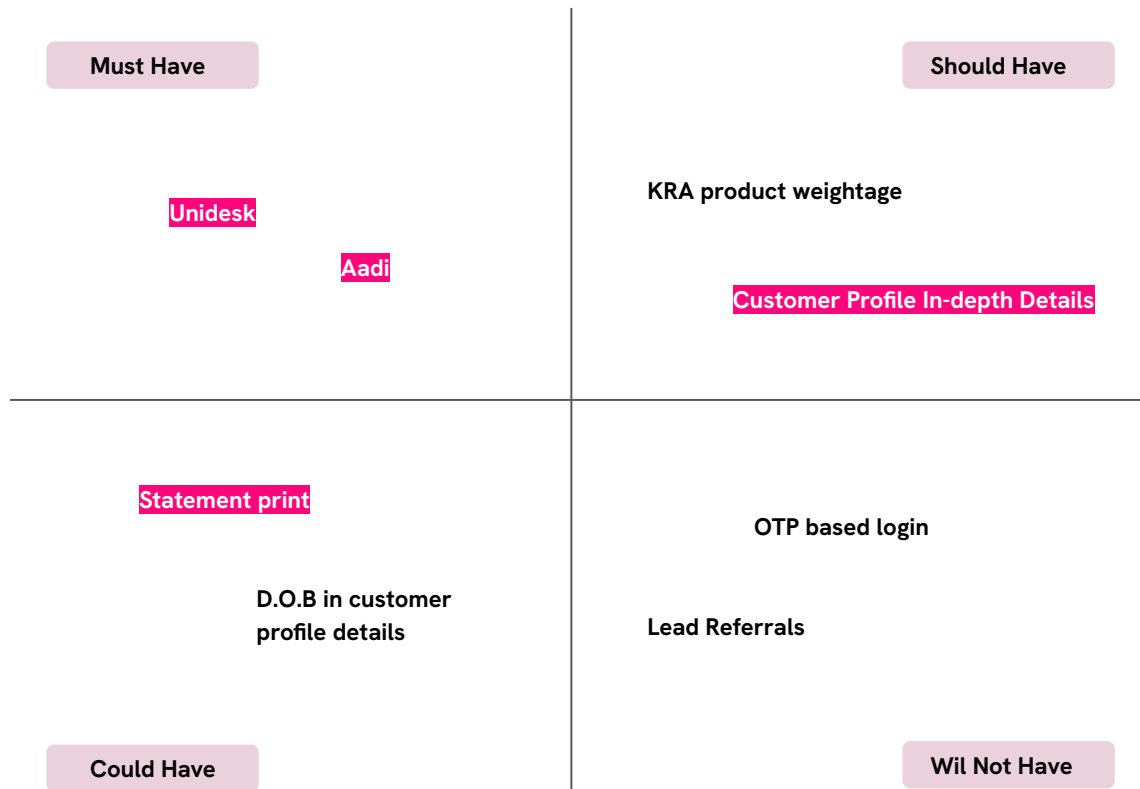

Branch staff **appreciated the Statistics view**, however few suggested to display the **time spend for generating leads**. This will give **transparency to their leads**

Persona-BRO

	Key activities	BOTF dashboard	KRA	Customer 360	Other expectation
BRO	1. FD/RD 2. Citi Migration 3. Acc Migration 4. Acc Opening 5. Re KYC 6. Acc Statement 7. Promotions 8. Lead generations 9. NEFT/RTGS 10. Cheque clearing 11. Aadhar updation 12. Signature updation on Saksham/ finncle 13. Locker 14. PTP- Property Tax payment	1. Unidesk - to see the status of the ticket raised	1. Wants to see how many point required (weightage) against each product to achieve the target	1. Include Customers date of birth (D.O.B.) 2. Provide account statement printing options	Login via OTP Multi factor authentication may work better than biometric login in Saksham

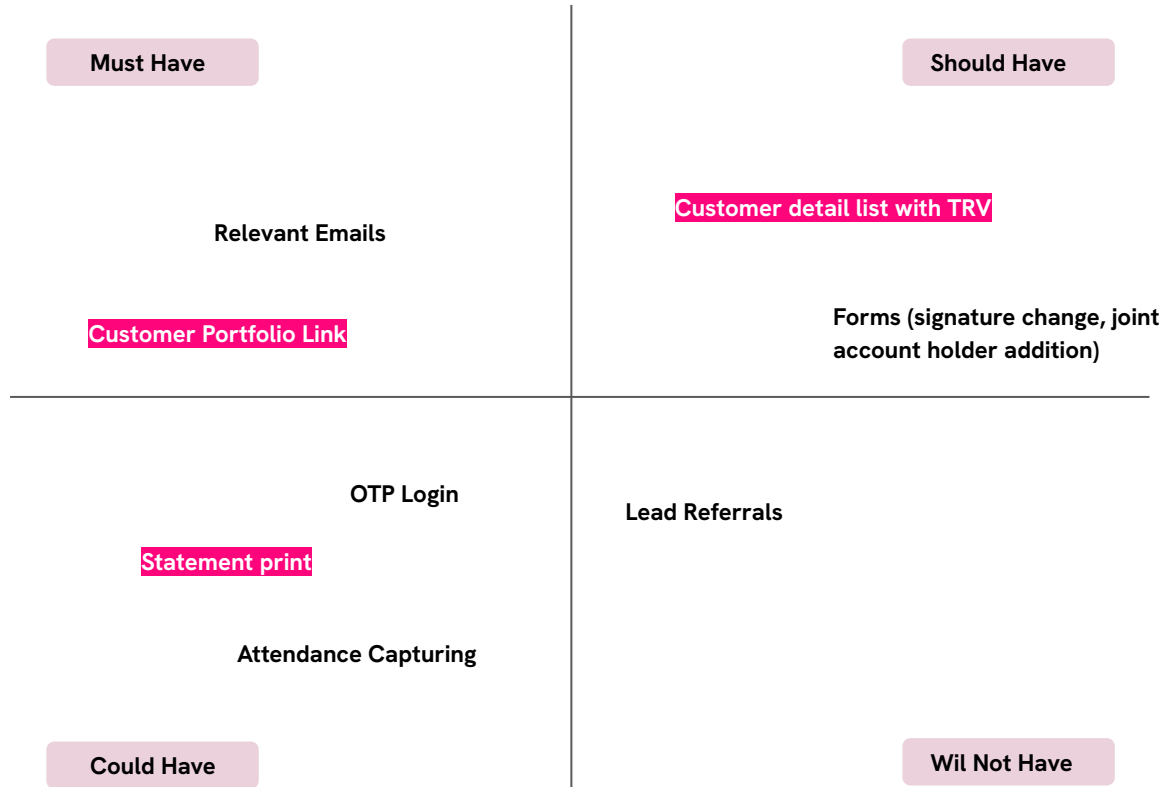

Prioritization Matrix-BRO

Persona-RM

	Key activities	BOTF dashboard	KRA	Customer 360	Other expectation
RM	1. Checking daily emails 2. Cheque clearings 3. Communication with CA account holders. 4. Sharing bank statements, FD details (earlier from Niche'). 5. Downloading forms like change of signature, adding people in Joint Account etc. 6. Promotions	1. Filter for emails relevant to us 2. Include emails forwarded by seniors for us to address 3. Portfolio link to check each customer's portfolio need to see it in the Dashboard Currently They download the portfolio link from mail 4. NRI connect option - want to see the list of customers and their TRV 5. Aadi (AI driven helpdesk) is a link- access through email- wants to access upfront 6. Attendance capturing 7. Incremental growth- Weekly growth portfolio view on Branch analytics		1. Provide all client personal details, including signature, KYC, and PAN 2. Include nominee details 3. Enable account statement printing option 4. Require an option to download signature change request form, joint holder addition request form, etc from anywhere to print and give to customer and save time 5. Customers portfolio	

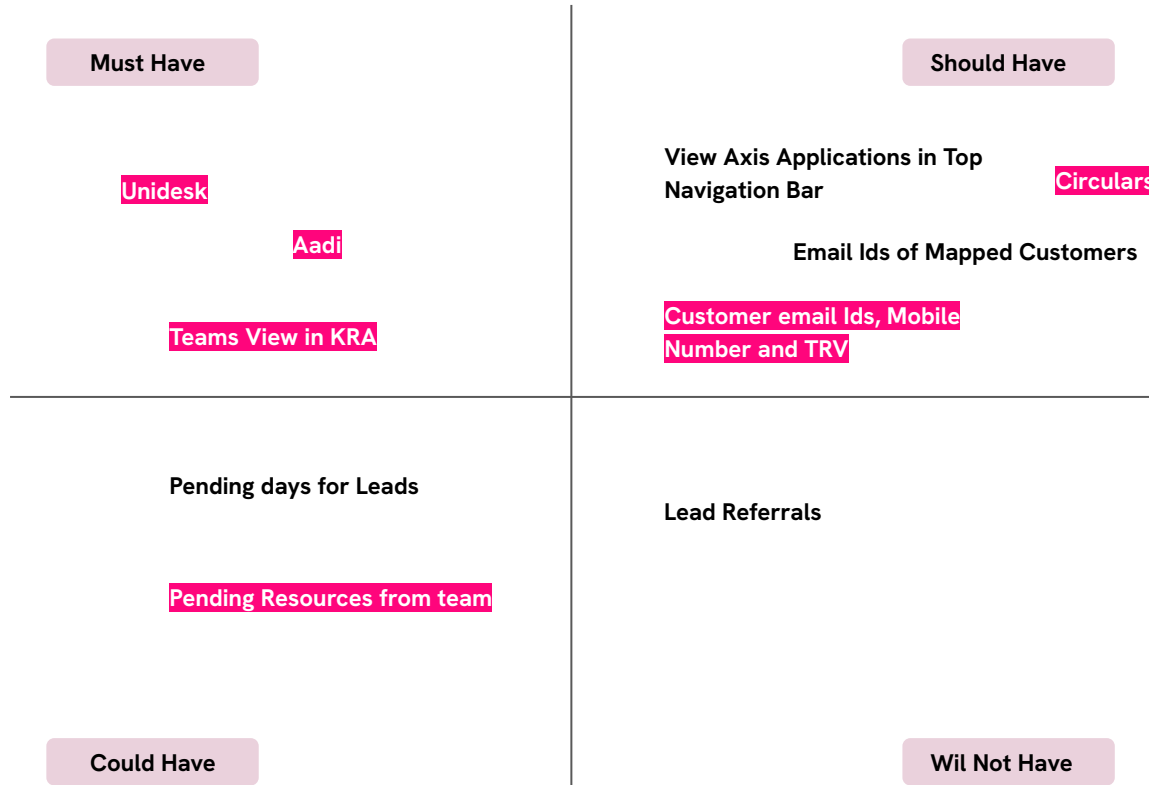

Prioritization Matrix-RM

Persona-OH

	Key activities	BOTF dashboard	KRA	Customer 360	Other expectation
OH	1.Cosmos related emails 2.Emails from Nodal officer 3.Transactions 4.Approving requests from subordinates. 5.Verification of particulars like Signature update approving on Saksham/Finnacle 6. E- Vouchers generation and approval	1. Add a "View Axis Applications" tab to the top navigation bar. 2. Display email IDs for mapped customers as well. 3. Unidesk- to see the status of the ticket raised 4. Aadi Help desk needed upfront	1. Exact number of days the open leads have been pending. 2. Teams view need to be added in the KRA	IDs and mobile numbers for each customer and their TRV (total relationship value).	1. Resources pending of their team eg: task pending for each BROs

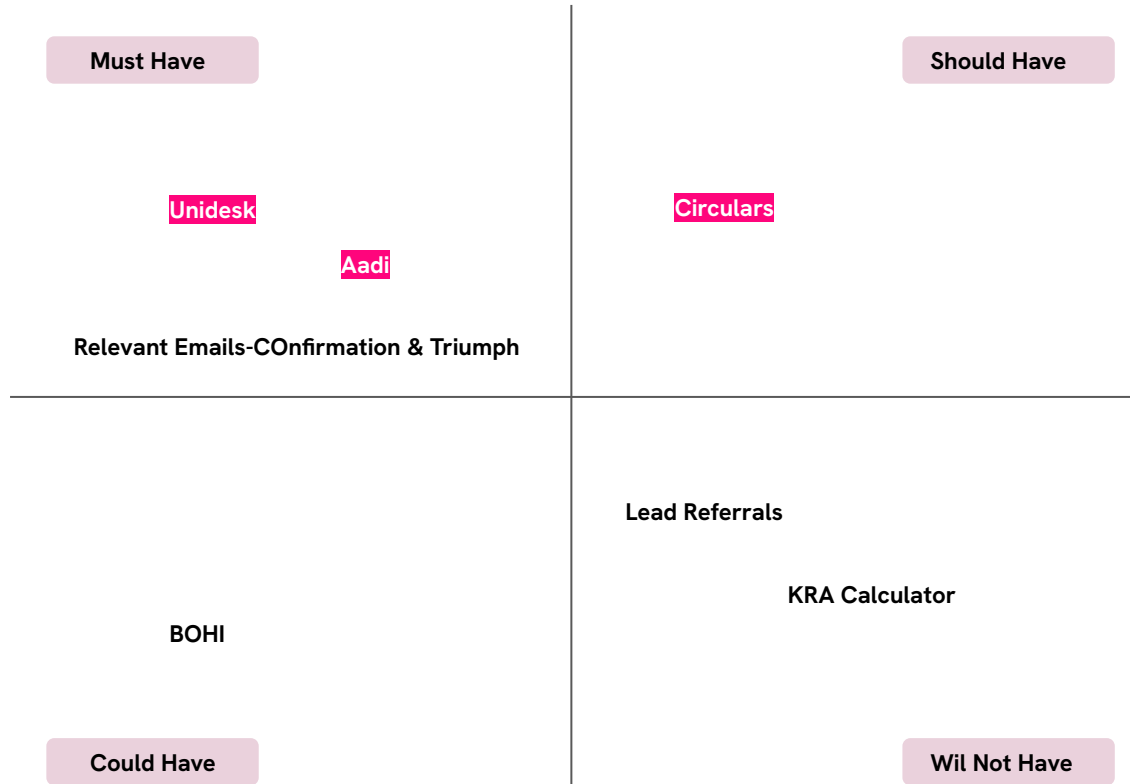

Prioritization Matrix-BOH

Persona-BM

	Key activities	BOTF dashboard	KRA	Customer 360	Other expectation
OH	1.Emails related to Cosmos, from Nodal officer, from senior staffs and Executives 2.Approving requests raised (takes more than one and half hours every day). 3.Verifications in case of transfer of branch of a CA customer from one branch to another	1. Consolidate everything under one roof 2. Confirmation mail and triumph mails (rating) to be added in the mail category 3. Aadi Help desk needed upfront 4. Unidesk- to see the status of the ticket raised	1. KRA calculator (HSBC has KRA calculator)	-	1. Death claims 2. Team contact details. - directory 3. Circulars- RBI guideline on specific products. Product form - Signature updation 4. Employees birthday calendar 5. Morning huddle section- to add any point for the days' task

Prioritization Matrix-BM

Quotes

“Both the dashboards feel like a shopping mall experience where we get everything under proper sections.”

“It would be great if we get all data in a single software package”

“I like how the KRAs are shown in this in such detail, it is very easy to understand and take action”

“This Axis Applications would be better placed in a tab over the top near the search bar, like in Saksham”

Thank You
